

**NO NEED FOR HAVING AN ENVIRONMENTAL IMPACT ASSESSMENT FOR
WASTEWATER TREATMENT PLANTS THAT ARE IMPLEMENTED WITHIN
WATSAN FBiH PROJECT**

**ACKNOWLEDGEMENT OF THE AUTHORITY RESPONSIBLE FOR MONITORING
IMPLEMENTATION OF THE PROJECT WATSAN FBiH**

Responsible Authority: **BiH Federal ministry of Agriculture, Water management and Forestry**

Project: **Water and Sanitation FBiH – WATSAN FBiH**
FI no. 24.569 (BA), SERAPIS no 2006-0272

Implemented in the Federation of Bosnia and Herzegovina, in the following municipalities and cities: Bosanska Krupa, Bosanski Petrovac, Orašje, Široki Brijeg, Tomislavgrad, Velika Kladuša, Čitluk, Prozor - Rama, Glamoč, Tešanj, Lukavac, Doboj - South, Gračanica, Konjic , Mostar, Jajce, Bosansko Grahovo, Usora, Gornji Vakuf - Uskoplje.

Pursuant to the provisions of the Environmental Protection Law ("Official Gazette of the Federation of BiH", No. 15/21) and the Rulebook on plants for which environmental impact assessment is mandatory and plants that can be built and put into operation only if they have an environmental permit ("Official Gazette of the Federation of BiH", No. 19/04 and 1/21), wastewater treatment plants implemented in the municipalities of Bosanski Petrovac, Prozor Rama, Tomislavgrad and Široki Brijeg, due to lower capacity, are not subject to the obligation for an environmental impact assessment.
